

Runhall Play Area Report 2018

We are pleased to report that the Play Area continues to prove popular although with the recent weather visits have been sporadic although our regular footballer takes advantage of the goal practice.

All the equipment seems to be in good order and our last annual RoSPA report did not list any areas for concern. We are in the process of adding a basketball hoop which hopefully will prove a draw for all ages. We have also been discussing the possibility of extending the Play Area to enable us to provide other facilities to modernise the area and attract more visitors.

Runfest proved another success with increased profit and really positive feedback again from the community. Now with two events under our belt, much has been learned and this will help us with the organising of our third event to be held on the 30th June.

Our other fundraising event was to raffle a Christmas Hamper which again was extremely successful with our best result of £269.00

We were successful again in our bid to receive a parish council grant to cover the cost of our play area insurance and we thank the parish council for this. We have also applied for this year's grant too in the hope that we will be fortunate again.

Finally, grateful thanks go to the small committee and local volunteers who offer their time and support to ensure that this Play Area remains open.
