1. Planning Matters

1.1 Planning application 2021/0567 – Installation of a defibrillator unit in an accessible and visible location. Village Hall, Church Lane, Welborne. NR20 3LH

Comments were made by all councillors /via email – no comments were received from parishioners.

Comments submitted to South Norfolk – The Parish Council supports this application with one query - on the application the description of works (section 4) where it states that the unit will be put on the wall to the right of the green kitchen service door, see pictures. The pictures show it to be on the left of the door looking from the outside! Are left and right in planning based on looking out from inside the plan in which case the statement is correct.
